Aloha FCC Commissioners,

Subject: Response to FCC orders on Sandwich Isles Communications, WC Docket No. 10-90

As a customer of Sandwich Isles I am concerned that your actions are threatening my telephone service. Sandwich Isles has served our community well since it began providing telephone service to our rural communities that were by-passed by other telephone companies. Because of Sandwich Isles commitment, we are able to enjoy telephone service from infrastructure that is built to last with cables buried underground that are protected from the elements. We support Sandwich Isles and ask that you maintain its ability to continue its good work to provide telecommunications services.
